Important Information

Past performance has been based on prices that include simulated values. All performances are inclusive of any net reinvested income and exclusive of any reinvested rebates. Performance figures and yields are as at 28/02/2018. A minority of funds also feature a performance related fee which is not shown here. Please refer to your Funds List for further information. Source: FE. The value of investments and the income from them can fluctuate (this may partly be the result of exchange rate fluctuations) and investors may not get back the full amount invested. Past performance is not a guide to the future.

Investment Objective

The objective is to produce a high level of return by investing in a diversified portfolio consisting primarily of sub-investment grade bonds. Currency forwards and derivatives may be used from time to time in keeping with the Fund's objective with the intention of either protecting or enhancing the return on the Fund. No more than 10% in value of the property of the Fund will be invested in units of other collective investment schemes.
